

MedTech For Solutions

SOLUTIONS FOR REPRODUCTIVE HEALTHCARE

One partner for the laboratory and the business of ART — serving fertility clinics, IVF laboratories, and reproductive medicine facilities since 2005.

30+ Labs & practices designed

300+ IVF member practices

1,800+ GPO vendor contracts

LABORATORY SOLUTIONS

ART Laboratory Design & Construction

National reputation for designing and building state-of-the-art ART laboratories — 30+ labs and practices designed, from modular designs to premium air filtration systems, through construction oversight and accreditation.

Temporary Laboratory Staffing

TS (ABB) certified embryologists and HCLD off-site laboratory directors, available across all 50 states. Short-term coverage and long-term contract placement with comprehensive candidate screening.

Regulatory Compliance

FDA, CLIA, CAP, and AABB readiness: audit preparation, documentation, quality control programs, and ongoing compliance management that keeps your laboratory inspection-ready year round.

PRACTICE & BUSINESS SUPPORT

Group Purchasing Organization (GPO)

Pool the buying power of 300+ IVF member practices across 1,800+ vendor contracts — laboratory supplies, clinical products, and operational services. Free to join, with no purchasing obligations or spending commitments.

Practice Development

New practice start-ups, growth strategy, competitive positioning, lab optimization, and staff training — with hands-on implementation support from business plan through opening day and beyond.

Management Services

Five service lines supporting practice operations: marketing and patient acquisition, call center operations, accounting & finance, human resources, and professional liability insurance & risk management.

Why practices choose MedTech

Founded 2005 · Headquartered in White Plains, NY · Hands-on implementation, not just advice · Practical ART industry experience across embryology, laboratory management, compliance, and practice operations.
